M. I. A. Two Day Institute Is Well Attended Cardston Wins Final Game 7 - 3

One of the largest crowds ever assembled for a ball game here met on Monday last when New Dayton and Cardston met in the fifth and final game of the Southern Alberta playoffs, after each team had won two double headers at Cardston and New Dayton. Fans were present from all over Southern Alberta and the stadium at times was almost painful to the ears.

Caldwell for Cardston and Skeith of New Dayton handled the indicators and their decisions were fair and accepted in good spirit by the players.

The batteries were—Cahoon and McKenzie for Cardston; Eagleson and Gorrell for New Dayton.

1st Inning: New Dayton—Cronkhite was out on a roller to Cahoon who nailed him at first. Skeith fanned. Mend was safe at first but Gorrell went out to Hansen at first unassisted. Cardston—K. Long hit safely over second. Cahoon sacrificed and Long went to 2nd. McKenzie hit a two-bagger scoring Long. Newbar fanned and McKenzie stole 3rd. Brooks was out to Eagleson unassisted.

2nd Inning: New Dayton—Robinson set up a high foul which Cahoon gathered in. Eagleson fanned and Nelson was out on a grounder to Brooks at shortstop who threw him out at first. Cardston—Hansen fanned. Parker hit to rf, was safe at first, stole 2nd and was caught stealing third. Wigh, fanned.

3rd Inning: New Dayton—Lock hit safe to lf. Phalen hit a long fly to rf. Cronkhite went out on a grounder to 3rd which Long handled and threw him out at first. Skeith hit safe and went to second when the ball went wild on the throw in. Mend was out on a pop to the box who threw him out at first.

Cardston—Woodward went out on a roller to rf, who nailed him at first. Long popped out to third who threw him out at first. Cahoon beat out a hit to first stole second and scored on McKenzie's 2 bagger. Newbar fanned.

4th Inning—Gorrell took first on a dead ball. Robinson hit a two bagger. Gorrell going to third. Gorrell and Robinson both scored on Eagleson's three bagger. Nelson got a base on balls and stole 2nd. Lock hit weakly and was out, both runners holding their bases. Phalen went out to Cahoon, and Cronkhite to Brooks.

Cardston—Brooks flew out to Nelson. Hansen got first on a dead ball and was out at 2nd. Parker fanned.

5th Inning: New Dayton—Skeith went out on a play from third to first and Mend fanned. Gorrell went out to Hansen at first unassisted. Cardston—Powell hit safe but was out at second. Woodward hit safe and went to third on Long's two bagger. Cahoon hit safe. McKenzie hit a high foul to Gorrell. Newbar fanned but Woodward, Long and Cahoon scored on wild throws.

6th Inning: New Dayton—Robinson went out on a fly to Brooks. Eagleson singled to right and stole second. Nelson got to first on a hit past short and was out at second. Lock went out to Powell in right field. Cardston—Brooks flew out to Nelson in centre. Hansen fanned. Parker swung at a low one for his third strike and got to 1st and stole 2nd and 3rd. Powell hit safely and stole 2nd. Woodward fanned.

7th Inning: New Dayton—Phalen hit safely and got on 1st. Cronkhite fanned. Phalen stole second and scored on Skeith's two bagger. Mend put up a high one to McKenzie. Gorrell fanned.

Cardston—Long flew out to second. Cahoon hit a long fly to Nelson who dropped it and Cahoon went to 2nd. McKenzie hit safe to first, stole 2nd and 3rd, and scored on a passed ball. Cahoon scoring ahead of him. Newbar was out to Cronkhite at first unassisted. Brooks sent out in line drive to Eagleson.

News Notes

Athol Cooper and Andy Sorenson were in Turin on Monday on business.

A. W. Kirkham was at the Track meet in Lethbridge on Wednesday afternoon.

C. H. Elder was in Lethbridge on Wednesday and drove home in a new Whippet Coach.

Gene Pearson, Mechanic of King Motors is visiting relatives in the Calgary district at the present time.

Mr. and Mrs. Ted Gourley were Cardston visitors on Friday and Saturday.

C. W. Brewerton spent a few days this week in Cardston visiting his son Gordon and family.

Mr. and Mrs. F. R. Taylor and family returned home Wednesday evening after a very enjoyable visit with relatives in Utah.

George Brewerton returned on Saturday evening from a trip to Salt Lake, Great Falls and other points enroute.

The ball team will journey to Cardston this afternoon for a Challenge Trophy game with Cardston, present holders.

Reg Cooper and Claire Pilling were busy Monday on the ball grounds, in preparation for the Cardston-New Dayton game that same evening.

Hot dry weather in the wheat and corn belts of the United States with prospects of a near crop failure, has boosted local quotations a great deal and prospects are much brighter for the Canadian grain farmer.

B. F. Rolfsen, while working in the Second Ward Chapel, slipped from the scaffold and fell about 18 feet into some small blocks and sticks of wood. His right leg was badly wrenched, but luckily no bones were broken. He is travelling on crutches now, and while his leg is quite painful, it is improving.

One of the prettiest calves in the Calf Club competition this year was fed and displayed by Glen Meeks of Raymond, son of the well known cattle man of the south. The calf was well up in the money and in the sale was purchased by P. Burns and Company for the Marquis hotel. This means that patrons of the Marquis dining room will soon be getting delicious steaks from one of the choice club calves.—Lethbridge Herald.

8th Inning: New Dayton—Robinson flew out to Woodward in center. Eagleson fanned. Nelson walked and Lock was safe through a fumble, and Phalen fanned. Cardston—Hansen, Parker and Powell all struck out.

9th Inning: New Dayton put all they had into this last chance. Cronkhite fanned and Skeith went out on a shoe-string catch by Powell in right field. Mend hit safe over short and stole second, but Gorrell fanned.

Cardston didn't bat their half of the ninth.

Cahoon got 8 strikeouts and Eagleson got nine.

The play was fast and full of thrills and while a few errors were made they were not very glaring ones. Both teams showed championship form and are worthy contenders for the crown.

The final score was 7-3. Cardston now goes into the playoffs with the Calgary—Olds winners.

Funeral Services For Russell Nilsson

There was a large attendance of people from this entire district including friends from Lethbridge and Stirling, at the funeral service Friday over the remains of Russell Nilsson, eldest son of Joseph and Emma Nilsson, old-timers of this district.

It was a sad funeral in which the sympathy of the entire community went out to the mourners, but particularly the young widow who with two young children are left to face the future of this life without the love and companionship of a husband and father.

Elder C. B. Stroag in a few brief remarks, stated that he had lived neighbors to the parents of the deceased and had watched the boy who was now dead grow from childhood. He referred to the splendid characteristics of the deceased, who he said was of noble parentage.

Patriarch D. F. Fawns spoke words of comfort and consolation to the bereaved family and said that these are the things we cannot understand and the "why" is not revealed. He exhorted the loved ones to put their trust in God and some day they would understand.

Bishop Walker, the concluding speaker, in speaking of the uncertainty of life, spoke of the splendid physique of Russell, his interest in athletics and his good health, said that he was the last one whom we would expect to die, and yet death took from all ranks regardless of position or station.

Deceased succumbed to a severe attack of Typhoid Fever and leaves to mourn his loss a devoted wife and two small children besides a loving father, mother, brother and sister.

The floral offerings were many and beautiful and spoke highly of the esteem and respect in which this family is held the district. Mrs. Earl H. Scoville and Jas. H. Walker rendered beautiful vocal solos and the choir sang appropriate hymns.

OCTOBER FIRST IS DATE FOR ALBERTA RESOURCES RETURN

AGREEMENT FOR FORMAL TRANSFER HAS BEEN FIXED BETWEEN GOVERNMENTS EASTERN SYSTEMS TO BE STUDIED BY PREMIER BROWNLEE BEFORE CHANGING CABINET

(Calgary Herald,

Alberta will get its public domain to have and hold forever, on the first day of October. An agreement providing for the formal transfer of the natural resources two months hence, has been reached between the provincial and federal government and has been signed in their behalf by Premier Brownlee and Hon. Chas. Stewart respectively. The effect of the agreement is merely to fix the cut-off date, having no relation to other terms of the settlement.

Under the previous agreement between the two governments, as ratified by the Imperial Parliament Aug. 1 was set as the date of transfer, and in the case of Saskatchewan that date is being observed. The different procedure being followed in this province, however has necessitated a change in the time for actually taking over.

In both Saskatchewan and Mani-

The services were under the direction of the First Ward Bishopric with Counsellor C. E. Allred conducting. Interment was made in the local cemetery with M. E. Christensen of Lethbridge in charge. A large cortege followed the remains to the cemetery.

The sympathy of the entire community goes out to the heart-broken family of the deceased in their deep bereavement.

toba the provincial governments are loaning from the Dominion for one month, or longer, the use of its administrative staff, officials, and offices in connection with the resources, agreeing to let the federal authorities know by that time how much of such machinery they wish to retain.

Since a much greater problem faces Alberta in taking control of its domain, the government considered it better to defer the formal transfer until October 1, the Dominion carrying on in the meantime as at present with its full staff and the administrative policies and methods now in force. There will as a result of the agreement, be no further alienation of any of the resources without consulting the provincial government, and for some time past, indeed, all major questions in regard to such matters have been referred to the province before action has been taken.

Premier Brownlee said before leaving for his holidays in the east that this arrangement puts both parties in a clear and definite position, with no chance of dispute as to responsibility financial or otherwise.

Everything will be in readiness at this end of the line for the transfer on October 1, the premier declared. In his absence, Hon. R. G. Reid, provincial treasurer, will be the minister in charge of all natural resources business, but there will be nothing in the way of permanent organization of the cabinet until the premier returns.

The department committee appointed some time ago to inquire into details and personnel of resources administration is now to function again and will make a close-up study of the situation immediately obtaining. R. J. Dinning is chairman of this committee, and with him are James J. Thompson, provincial auditor and Fred Smalies, civil service commissioner.

ONE HUNDRED AND FORTY MEMBERS FROM LETHBRIDGE STAKE PRESENT FOR SESSIONS—FOUR RESOLUTIONS PROPOSED AND UNANIMOUSLY PASSED IN KEEPING WITH CHURCH IDEALS

One of the outstanding features of the two days of Institute in the great Mutual Improvement association which ended here Saturday afternoon was the unanimous response to the proposed resolutions submitted by O. A. Kirkham, to a large audience of executives and leaders representative of all wards of the Taylor and Lethbridge Stakes in session here Sunday morning.

Resolutions Proposed

The following resolutions which are in keeping with the ideals of the church, were proposed as follows:

1. We will learn the regulations concerning liquor, tobacco and safety, and study and know the laws.

2. We will observe these laws ourselves.

3. We will co-operate in the strict enforcement of these laws.

4. We will do all we can to get others to do the same.

A vote was taken and the entire audience responded by the show of hands.

These resolutions are among other slogans which have been adopted by the young men's and young ladies organizations of the L.D.S. church especially during the last two years. The 1928 slogan reads: "We stand for law: for the people who live it and the officers who enforce it." The slogan for 1929 was: "We stand for the preservation of our heritage through obedience to law."

O. A. Kirkham, with W. O. Robinson, Miss Clarissa Beesley and Mrs. Elsie Talmage Brandley were here as representatives from Salt Lake City of the general authorities and particularly the young people's organizations, each of them holding responsible positions in the same.

Mr. Kirkham made a strong plea for co-operation in maintaining the high standards of the church and said there never was a greater need in the history of the world for a high type of leadership to handle the keen intellects that the youth of today are in possession of.

Mr. Robinson who is the recreation director of the Y. M. M. I. A. spoke on law and order and urged the leaders in these Stakes to assist in upholding the law and to protect the youth from the evils that come from the non-observance of law.

Miss Beesley made a strong appeal for support of the 1929-30 slogan, which reads: "We stand for loyal adherence to L.D.S. ideals."

Mrs. Brandley, who is associated editor of the Improvement Era spoke of the trials and sacrifices of great men for their ideals and urged all to set their standards high and then work to reach them.

On Sunday noon the Salt Lake visitors left for Cardston to hold another Institute, and on Tuesday Elders Kirkham and Robinson went on to Pass Creek for the big tri-Stake Fishers and Sons Outing.

The large attendance of Mutual workers of both the Lethbridge and Taylor Stakes proved the deep interest that is taken in the training of the youth. Every ward and branch in both Stakes had representatives in attendance at the Institute.

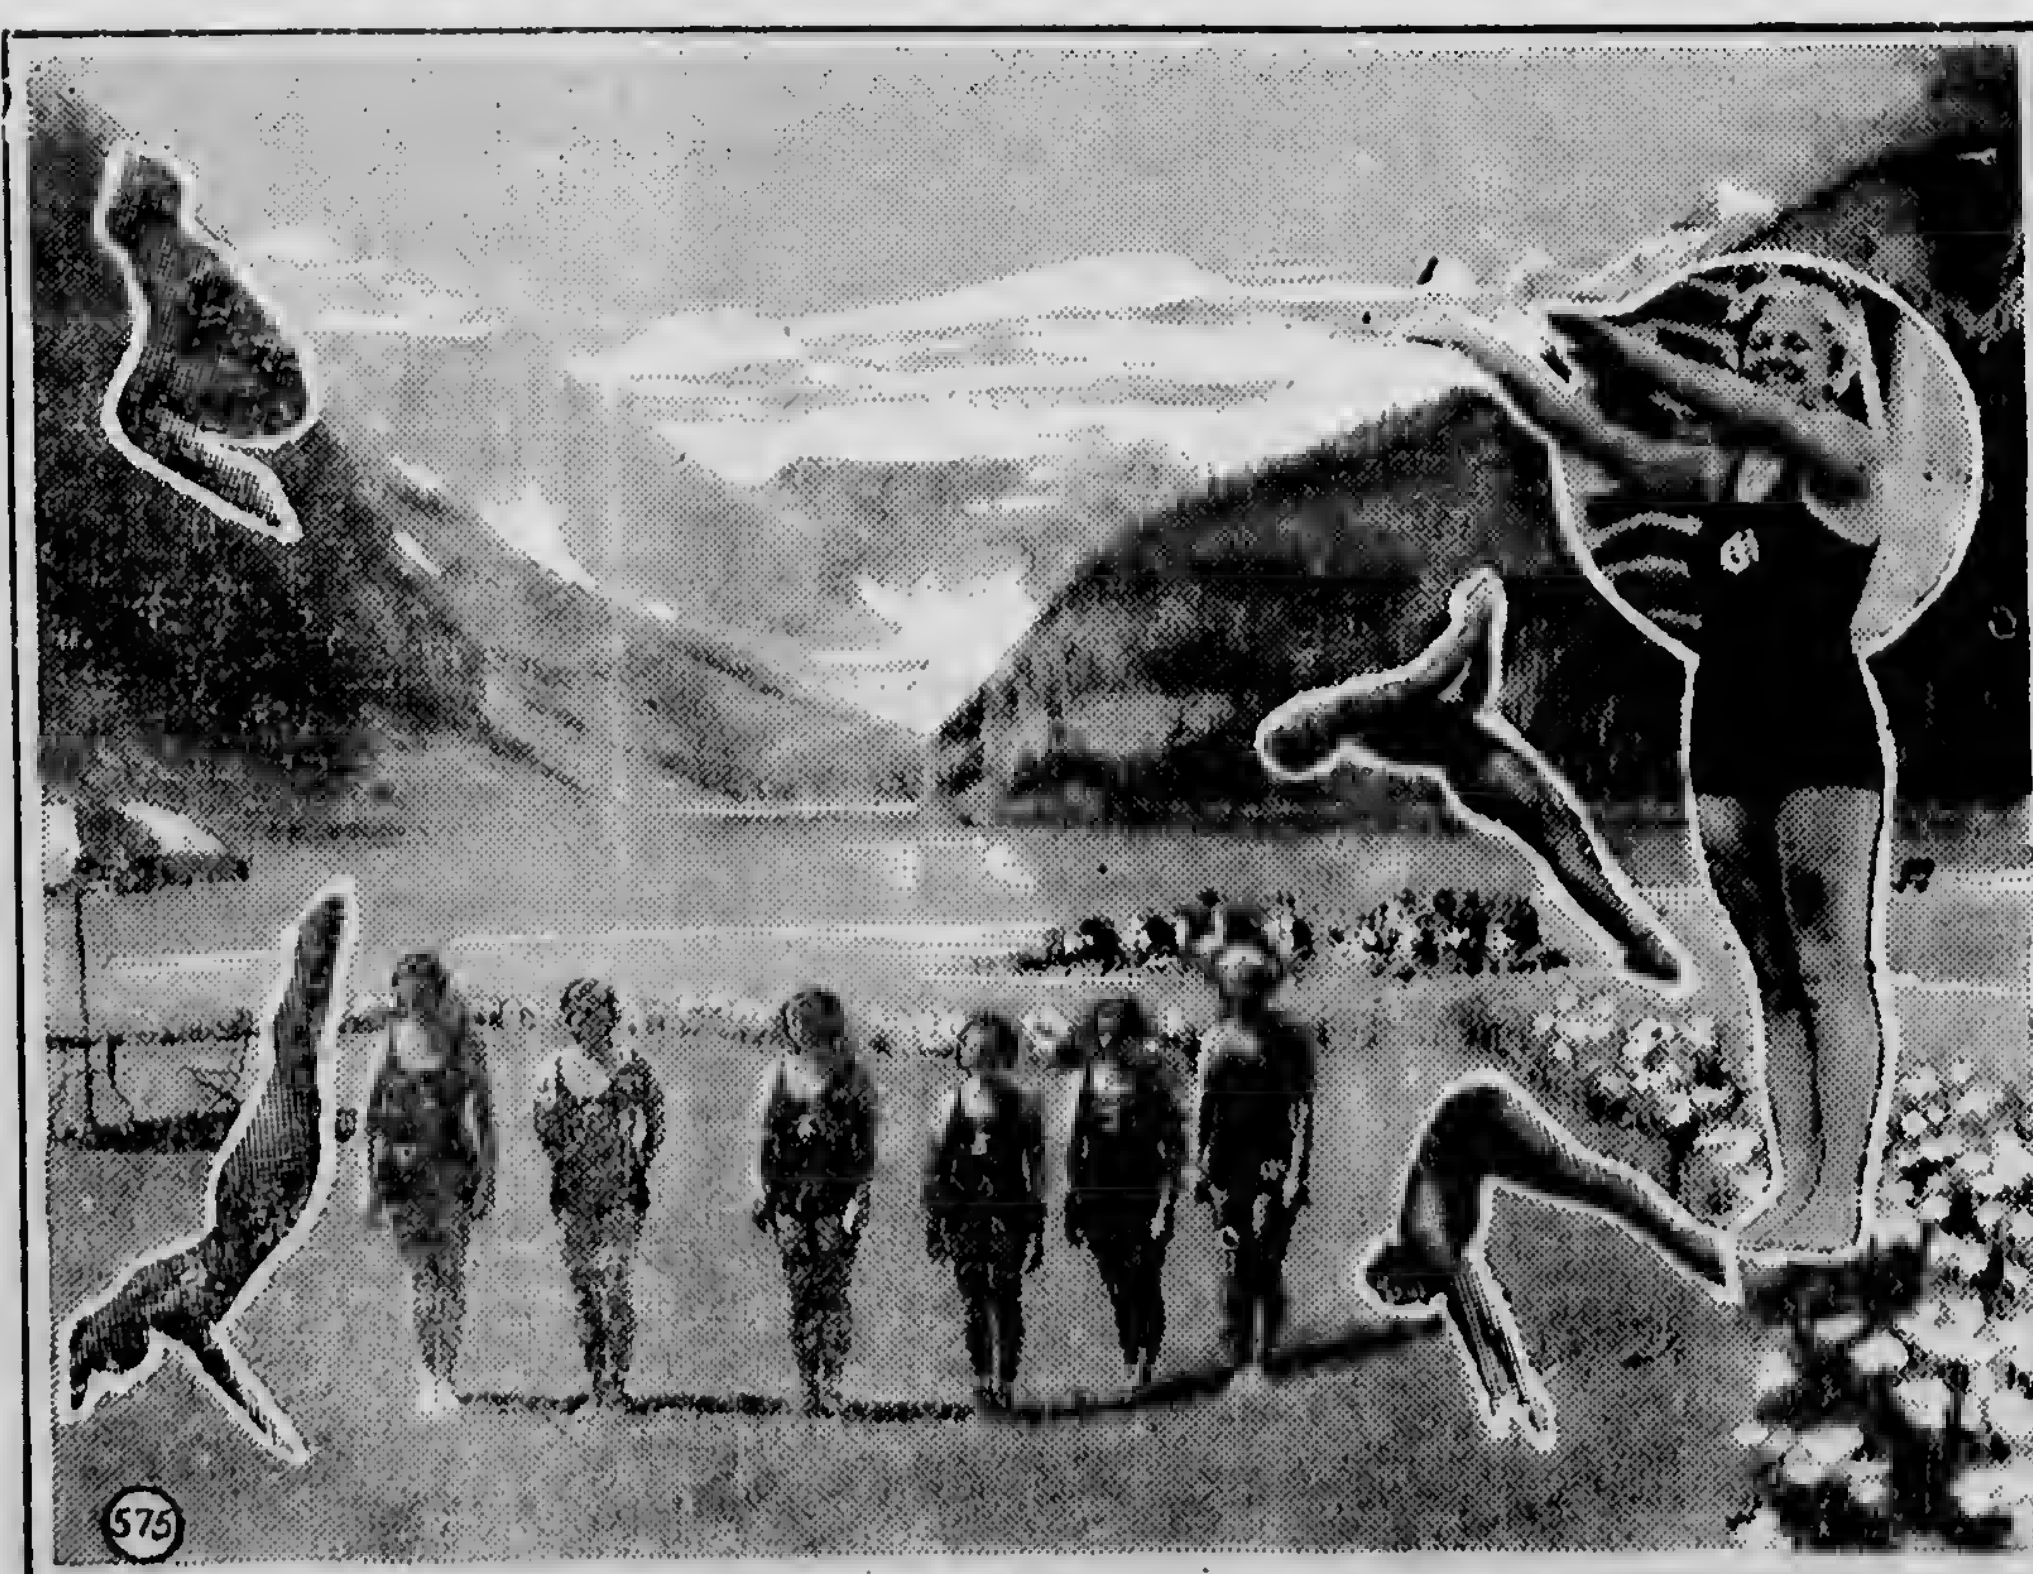

WIT AND WISDOM

Beyond all rivals. "Are mine the only lips you ever kissed?"

"Absolutely—and the nicest."—Boston Transcript.

He Might Caw—Mr. Cruwe was a devout church goer. The young minister was also devout, but easily embarrassed. Imagine the consternation of Mr. Crowe and the delight of the congregation when the young divine solemnly said at a prayer meeting: "And now, will Brother Pray please crow for us?"

CHAMPION MERMAIDS IN ROCKIES

Champion lady swimmers and divers of the United States invaded Banff and Lake Louise this month and gave thrilling exhibitions in the pools attached to the Canadian Pacific hotels at both resorts. Hundreds of guests at both hotels witnessed the show where skill and scenes of superb natural beauty make a remarkable combination. Illustration shows the team with a background of Lake Louise and mountains. They are, from left to right, Agnes Geraghty, Olympic swimmer; Catherine Ames; Lisa Lindstrom, metropolitan distance champion and Olympic swimmer; Constance Hanf, junior metropolitan champion; Eleanor Holm, national champion of the United States, 100 and 200 yards, back stroke; and Georgia Coleman, national champion diver, who is also inset. All are from New York, except Miss Coleman, who is from Los Angeles.

WHY NOT GIVE THE COUNTRY A CHANCE?

Where would you go to find a section of country that offers more or better opportunities for making a living than this one? Why should we be hearing the cry of hard times on every hand? We have had our chance and many have failed now we should give the district a chance to prove its worth.

Go over the district and find the farmers who are paying as they go and you find farmers who are making this possible by livestock that can be turned into cash when cash is needed. The ones who have no sidelines are running up bills for clothing and groceries that will have to come out of the wheat or beet crop, and besides this labor, taxes, rent, and machinery, until there is little left; and how much per capita are we paying for the privilege of running on credit.

When livestock has hogs, calves, cows and chickens are mentioned a lot of people throw up their hands and talk about glutting the market. You don't need to go into the business wholesale; you don't need to jump into debt head over heels to stock up to the neck. Build up gradually and see to it that you have milk, cream, butter, eggs and home cured meat enough for your table and then a few dollars a week to trade in at the store. There are always plenty to take a little surplus and if the pay as you go plan is adopted everyone will be more prosperous and more contented.

We think this is only fair to the district. The day of bumper crops and banana years are about over some program must be formulated that will expect a little less from the grain crop and more from the sidelines.

Why not a creamery here, a cheese factory, and a dozen and one other industries that would put some cash in circulation daily and the cows, hogs and chickens live on practically no cash outlay aside from a little tame hay and feed grain.

Give the district the chance it has earned.

A. C. GROUND PROUSION OF BLOOMS

If you enjoy the beautiful in flowers take a walk through the A. C. Grounds and see the millions of blooms on the various kinds of flowers at the A. C.

Mr. Gilbert has a bed of sweet peas for seed and right now the delicacy and beauty of coloring and shading defies description. He is real proud of them and well he might be as they are the acme of perfection in bloom and hue as well as size.

All the fruits and garden products are coming on nicely, and if you doubt Southern Alberta's possibilities see what is being done at the A. C.

Over 40 students have enrolled for the coming year at the A. C. and officials are looking for between 80 and 90 at least. We hope to have a list of those signed up before many days.

BRUCE GALBRAITH BREAKS 2 PROVINCIAL RECORDS

HARRIS WALKER CAPTURES CHAMPIONSHIP

Raymond was well represented at the Track and Field Meet on Wednesday and local people should certainly feel proud of the fine showing made.

Two provincial championships were broken by Bruce Galbraith in the High Jump and the Pole Vault and Harris Walker captured the championship for boys under 19 years of age. Gray Kirkham and Frank Wenner also showed good stuff and Reed Kirkham took the 100 yard Exhibition run from Glen Hamilton. Here are the day's winnings:—

100 yds. under 19—Frank Weaver took second.

100 yds. Open, (Men's Exhibition)—Reed Kirkham.

220 yds. under 19—Harris Walker, second; Frank Weaver, third.

440 yds. under 19—Gray Kirkham, second.

880 yd. Relay, boys under 19—1st place Raymond, Harris Walker, Gray Kirkham, Bruce Galbraith and Frank Weaver.

880 yds. under 16—W. Rolfsen 2nd. Running High Jump, under 19—New

provincial record made by Bruce Galbraith at 5' 6 1/2".

Shot Put under 19—Harris Walker, first.

Running Hop Step and Jump—Harris Walker, first.

Pole Vault, under 19—Bruce Galbraith, first, who made a new record at 10' 4"; Harris Walker, 2nd.

Running High Jump, girls under 18—M. Galbraith, 2nd.

Raymond should hand it to these young people for such a splendid record in competition with the very best talent of the Province. Keep up the good work we are all proud of you.

Alvin Jones was at Lethbridge for the Track Meet on Wednesday.

Thos Allen is holidaying this week from the Mercantile Staff.

Bryan Baker took 4th prize in the Calf Club Show at the Lethbridge Exhibition.

Don't miss seeing the Sound News Reel coming "The Mormon Pageant," showing at the Capitol next Monday, Tuesday and Wednesday.

Bishop James H. Walker was one of the Lethbridge Track and Field Meet on Wednesday.

Grant Card arrived home Thursday evening from their holiday trip in the Pacific States.

Manager T. L. Halpin is back at his desk in the Bank of Commerce after a two weeks holiday.

Don't miss seeing the Sound News Reel coming "The Mormon Pageant," showing at the Capitol next Monday, Tuesday and Wednesday.

The R100, giant British dirigible crossed the Atlantic from England and tied up at the 200 foot mooring mast in Montreal in just 79 hours.

The Fathers and Sons returned Thursday afternoon and evening from their Outing on Pass Creek. They all report a wonderful time and we hope to have a full report for next week's paper.

IN MEMORIAM

In loving memory of George W. Hutchinson who was drowned August 3rd, 1929. Gone but not forgotten by his Mother, Father, Brothers and Sister.

"DEATH CAMAS" IS FOUND NEAR CAMROSE

Discovery of a poisonous weed in the Camrose district, hitherto unknown in this territory and extremely dangerous to livestock, is reported by the Camrose Canadian to have been made recently by T. Solfield, weed inspector for divisions 1-6 M. D. of Lloyd George.

Finding a weed which he was unable to identify, he sent it to the Alberta Department of Agriculture in Edmonton, and on Tuesday it was returned with the report that it is the "death camas," one of the most deadly weeds to livestock known.

All classes of livestock that can eat this plant are said to be injuriously affected by it, but apparently in this province sheep alone are poisoned by it. Other names for the plant are "poison camas" and "mystery grass."

The "death camas" is a slender grass-like plant, having a cluster of from five to seven pale green, narrow, grass-like leaves. In the centre of this cluster is an erect flower-stem from 5 to 25 inches high with numerous small greenish-yellow flowers. The leaves and the flower-stem grow from a perennial underground, onion-like bulb. The leaves are thicker and more fleshy than those of grasses, and hence are more tempting to stock.

All parts of the plant contain the poisonous principles. The bulbs especially are very poisonous.

Probably the first symptom of poisoning in livestock will be stiffness in the legs and difficulty in walking. There will also be a disposition on the part of sheep to straggle from the rest of the flock. Frothing at the nose and mouth, rapid breathing, increased flow of saliva, regurgitation through the nose and mouth, sudden jerking of the head and intermittent spasms follow in rapid succession. Finally muscular paralysis takes place, the animal is down and unable to rise and a profound insensibility sets in from which the victim never recovers.

A booklet on "Weeds Poisonous to Livestock," issued by the Alberta department of agriculture, giving full information in the "death camas," may be obtained by writing the department in Edmonton. The booklet gives methods of treatment means of preventing stock from eating the weed, how it spreads together with pictures and a full description.

CANADIAN PRODUCTS FOR
EMPIRE MARKET

Ottawa, August 6; (Special to the Recorder) Research results on poultry nutrition work were checked over at Guelph recently when E. M. Lloyd of England, who is touring Canada in the interests of the Empire Marketing Board, paid a visit there. Mr Lloyd is making a very extensive visit in Canada and during the month visited Edmonton and interviewed Dr Robert Newton of the field crops department.

The visitor is gathering data for publicity that will help popularize empire goods and foodstuffs and is checking up on agricultural conditions generally. Results obtained in research work on the ripening of cheese is to be sought in Vancouver by Mr. Lloyd.

The British government gives the board \$4,000,000 annually to use on foodstuff researches and the fostering of Empire trade.

LETHBRIDGE DISTRICT'S LIVE STOCK OPPORTUNITY

Announcement a few days ago that new stockyards were to be built in Lethbridge by the Canadian Pacific Railway, and that alongside these there would be space reserved for feeding and sorting yards to be erected by private interests, is evidence that Lethbridge is beginning to come into its own in the matter of livestock development.

There has been no finer demonstration anywhere in Canada of what can be done to build up this industry than has been furnished by the Baby Beef Club and Red Label Beef movement here in the past year or two. Southern Alberta is naturally adapted to raising and finishing livestock for the market. But heretofore we have not made much use of the opportunity. When prices were high everyone rushed into livestock; when prices were low they all rushed out again, selling off breeding stock bought at high prices. There has been no permanency in the livestock industry. Now, however, this is giving way to a feeling that livestock is a part of good farming on both dry and irrigated farms. This much having been established, the question of marketing comes to the front and hence we have the movement for new stockyards.

There is very little doubt in our mind that there is going to be a big change in livestock marketing in Canada in the next few years. The present method whereby cattle are fattened in the feed lots in the winter or on grass in summer and rushed to market in spring and fall, glutting the markets in those months leaving nothing to provide a supply of finished animals for the rest of the time is a wasteful marketing plan. We are beginning to learn, also, that shipping beef and other livestock on the hoof is also wasteful. There are those who believe that, with the new refrigeration processes which have advanced so rapidly the past few years, it will be possible to feed cattle, sheep and hogs for the market, kill them when prime, hang them properly and send them to market slaughtered and in such condition that when they reach the Toronto or Montreal market they will be just right for the block. We may be talking up a tree, but it does seem foolish to send a 1,000 pound steer to Toronto, get him all bruised up en route, then kill him when he is off prime after a hard trip, and expect to get the best beef for the block out of him. Why not kill here at the source of supply, put in the right kind of refrigerator cars, and have the beef in its most prime condition when it reaches the Toronto market. If we can reach that stage the farmer will be out to meet the market by having prime stuff every month in the year, and we will get away from seasonal glutts which, up to now, have taken the joy out of livestock raising.

Perhaps, as we have said we are all wet on this proposition, but Canadians are beginning to demand the very best of beef, mutton and pork and the butcher who can secure a steady supply of it is pretty sure of a steady supply of customers. How best can we meet the customer's wishes—Lethbridge Herald.

Raymond Mercantile
COMPANY, LIMITED
THE BIG DEPARTMENT STORE

News Notes

Frank Lennitt and family, Joe Kirkham and family were at Belly River Lakes for a little outing. They report a most enjoyable time.

T. K. Roberts is putting a new platform on the machine and hardware warehouse of the Raymond Mercantile Co., Ltd.

Raymond was a town of widows and fatherless during the three day Fathers and Sons Outing on Pass Creek in Winton Park.

Good progress is being made on the new steel bridge at Spring Coulee. When this is completed it will make a decided improvement in this much used road.

Tenders are called for grading the Cardston-Lethbridge road from the north east corner of Cardston to the western boundary of M. D. No. 37 on the Welling road. The bids will be opened today and the contracts let as soon thereafter as is feasible.

FASCINATING LINKS

Ottawa, July 30 (Special to the Recorder)—A picture of a cruiser which is sailing through floes of ice with the Canadian flag flying, mounted on wood, is one of the many interesting objects which is seen and admired at the Dominion Archives. Above the picture is large Canadian flag and a brass tablet below carries the following:

"This memorial is erected to-day to commemorate the taking possession for the Dominion of Canada of the whole Arctic Archipelago lying to the north of America from Long, 60 degrees w. to 141 degrees w. up to latitude 90 degrees n., Winter Harbor, Melville Island.

C. G. S. Arctic, July 1st, 1909, J. E. Bernier, Commander.

Here and There

"Bill Inyon of Southmore "big Alsatian police dog with an aristocratic background, from the Birk Kennels Toronto, is on a 7,000-mile trip from Toronto to Yokohama by Canadian Pacific Express and Empress of Asia to the order of a Japanese merchant of the latter city. During his long journey the dog is in charge of Canadian Pacific officials.

Twenty New Zealand athletes and twenty athletes from Australia have already arrived at Hamilton for the Empire Games under the chairmanship of E. W. Bentley, chairman and president of the Canadian Pacific Railway. There will be representatives from Great Britain, South Africa and nearly every province of Canada at the Games which are scheduled to be held in the Ontario city next month.

Doubling the population of Cobourg for the day, a force of more than six thousand members of the Canadian Pacific Recreation clubs of Toronto and Trenton set a new record for picnic attendances when the annual function was held there recently. The freedom of the city was conferred on the visitors for the day and the high spot of the sports, the Grout Cup, trophy of the softball match between the Toronto and Trenton clubs, was won for the fourth year in succession by Trenton.

With an aggregate of 133 years of unbroken service, three Canadian Pacific engineers from the Ontario district retired on pension recently. They are John Douglass, Thomas Bennett and John G. Moore and all have unblemished records. Bennett's service goes back to 1883 while Douglass and Moore go back to 1885 and 1889 respectively.

The Toronto Industrial Commission announces that between January 1 and June 30, 15 new industrial firms have come to Toronto, with which the commission has co-operated. Of these, 11 had their origin in the United States and 4 originated in other parts of Canada. The list of these new industries includes a number of outstanding companies whose entrance into the assembling and manufacturing field in Toronto means an important growth and development in the city's industrial life.

The old belief that the Red River fixes a charm upon those who touch it, was tried out recently as Harry Pearce, undefeated Australian Single Sculls champion and one time world champion, stood on its shore and watched his son, H. R. Pearce, Olympic amateur champion, in a try out as a guest of the Winnipeg Rowing Club. Pearce is a contestant in the Empire Games at Hamilton next month.

For the first time in history, horses were ridden over "Ball Pass" near Banff recently. The riders were Jim Brewster, J. Murray Gibson and Glory Temple, the latter a Lake Louise guide and the purpose of the trip was to locate camps for the trail ride at end of July. Only three hours were required to travel from Banff to the summit of Ball Pass yet this pass has hitherto been considered impassable except for Alpine climbers.

A MILLION MATCHES

The Forest Service of Canada have been preaching the doctrine of fire prevention to the tenderfoot and the novice who have yet to learn its necessity, and yet the annual toll of life and valuable timber takes place as inevitably as the collection of taxes.

It is estimated that ninety per cent of forest fires are due to nothing more or less than the carelessness of the summer camper. If reasonable care were exercised by everyone who enjoys a camping holiday nine out of every ten fires would never get a start at all, and there would be a saving to Canada of tens of thousands of valuable timber to say nothing of the great unnecessary human sacrifice.

Considered from an economic point of view it is ruinous to many trades when the timber is burned throughout whole districts. Sawmills cannot be built in such places, big game do not breed midst blackened stumps. The Lumber Industry means \$350,000,000 a year to Canada pulp and paper industry represents \$100,000,000. Trapping turns over \$20,000,000 annually, while tourist trade is estimated at \$20,000,000 a year and is increasing as time goes along. Here is a grand total of wealth to the Dominion representing the huge sum of \$760,000,000 per annum, every cent of which depends directly on our forests and may be said to be at the mercy of the summer camper, for weal or woe.

Parents should teach their children the sacred duties of Canadian citizenship and see that no careless child with matches can run loose in the woods, for a match may destroy a million trees, while a tree will make a million matches. Do not start little bonfires for fun and thoughtlessly go off leaving embers still warm. Teach the camping groups that every big fire was once a little one, therefore kill the fire while young. Most boys and girls love the wild creatures of the wood land, therefore appeal to their sense of fair play and give the game a chance to feed and thrive and breed by preserving their home. Teach the family to love Nature and never kill wantonly or needlessly. Fire destroys the range for cattle and burns the food for birds and beasts. Fruit trees are ruined when fire runs through the country; in a word, he lovers of the woods and give the saplings of today a chance to be the saw-logs of tomorrow.

Teach citizenship and service to your children by enrolling them as Junior Red Cross members, who are all pledged to serve their country. Write for information to 407-Civic Bldg. Edmonton.

Give Him an Even Break.—This vase is 2,000 years old. Be very careful carrying it.

"You can depend on me professor. I'll be as careful of it as if it were new." Munich Lustige Blaetter.
